Knitting Needles

Easily change to a tiny, swivel cable for smaller projects.

Interchangeable Series

〈 Features 〉 As you knit, the short cable bends accordingly. Circular knitting projects only four stitches in circumference can be carried out easily.

The soft cable comfortably bends to fit your hands.

Circular knitting projects only four stitches in circumference are easy to perform.

For those whom...

Find the knitting with double pointed needles in a circular knitting project uncomfortable, feeling the needles and yarn are too tightly locked, and those who are bad at magic loop knitting.

Circular knitting with double pointed needles.

Usage

- CarryS is recommended for knitting of small tubes, socks, mittens and Amigurumi.
- For changing sizes or using as circular needles, use separately-sold needles and cables.

〈 How to use 〉

① Cast on the necessary number of stitches using one of the three needles.

② Move the stitches to the right end of the needle and slip half of them on the second needle.

③ With the first needle facing, take the working yarn in your hand, insert the third needle in the first stitch of the second needle and start to knit.

④ Move the stitches to the cable or to the end and knit with the free needle. Repeat this step and knit the necessary number of rounds.
