Cut a piece of thread about 20-30cm long (you will also need it to trim and attach the pompom, so choose the length of the thread at your own discretion), then this thread through the all remaining stitches with a needle. Join and sew along the side and pull as much as possible at the top. Sew the rest of the thread and trim and attach the pompom.

And the hat is ready.

Autumn or winter-spring ☺ may your new hat wear well ☺
