ARNE & CARLOS

ANJA - CROCHET SCARF

Who said that sock yarn is for socks only?! Create your own unique scarves using our ARNE & CARLOS Socks & More yarns. These are so much fun to crochet as each square will be completely different from the next.

This pattern is written in USA crochet terms. For the equivalent UK terms, please see the page which contains the descriptions for the chart symbols, as that page includes the UK terms as well.

Materials: You will need about 175 grams of ARNE & CARLOS Socks & More 4-ply, 75% Virgin Wool and 25% Recycled Polyamide for a scarf. All our sock yarns will work for this project – but the results will be completely different depending on the effect, and this is something that will really add to the excitement of how the finished project will look like.

You only need a little bit of yarn for edging in a solid colour, so if you don't want to buy a ball of sock yarn for the edging, look in your stash and see if you can find something in a similar weight (fingering).

Crochet hook: 2.5 mm / U.S. C-2

The finished scarf consists of 9 granny squares joined together. There are 2 different options of joining the scarf together in this pattern, choose the one you like the most!
